

# Moves + Relocations

## Preparing for a move? Get the experience, efficiency, and organization you need to relocate your business's technology with professional moving support from Teksetra.

Relocating your business or moving workspaces is no simple task. You need to move quickly to get your team back up and running, but that can be challenging while you're trying to safely relocate your expensive assets like office hardware, servers, and IT equipment. That's why Teksetra is here to help with a team of dedicated and highly skilled technology-relocation experts.

## Benefits

### Nationwide Moving Support

Whether you need to relocate to a new area, building, city, or state, Teksetra has your back. [Teksetra](#) offers professional moving support anywhere in the continental U.S. We provide moves during regular business hours and after hours, as well as same-day moves.

### End-to-End Relocation Support

Get [total project support](#) with Teksetra. We'll work closely with you from the very beginning to ensure that every aspect of your move runs smoothly. Teksetra also offers specialty and custom moves, including call center, network closet, and financial center relocations.

### Qualified Personnel

With certified technicians and highly specialized technology experts, the Teksetra team will prepare and plan the setup of your new location, disconnect and reconnect all your technology, and even install any new equipment.

### Professional Installation

Protect your investment, increase your equipment's longevity, and minimize the risk of future downtime with [professional installation services](#) from Teksetra-certified IT technicians.

# Flexible + Affordable Moving Services

## How can we help?

- Project Management
- Disconnection
- Unpacking
- Setup Planning + Preparation
- Reconnection of Equipment
- Installation of New Equipment
- And More

## Recent Relocations

### + 9,000+ Employees in Nine Months

During this complex relocation project, the Teksetra team helped move employees from building to building and floor to floor. This included disconnection and reconnection services, mounting monitors on arms, printer mapping, cable management, and next-day support.

### + 800+ People from Five Separate Buildings

This project involved moving employees from Minneapolis and St. Paul to a new facility 45 miles away. The Teksetra team closely coordinated with the five locations to ensure a smooth transition, providing disconnection and reconnection services, mounting monitors on arms, and conducting cable management.

### + 840 People in Two Different Cities

We completed this large-scale project in just 20 days. The Teksetra team provided disconnection and reconnection services, mounted monitors on arms, and delivered next-day support services to make sure everything was up and running.

### + 145 People in Two Days

For this project, the Teksetra team needed to move especially quickly. At 8 a.m. on Thursday, our team began the process of relocating hundreds of PCs, monitors, and phones. By Friday night, the move was complete, and the business was ready to get back to work on Monday.

# About Teksetra

Teksetra is the leading and most trusted national partner for essential business technology acquisition, service, consultation, management, repair, maintenance, support — and more. Since 1974, the company has regularly expanded its scope to support more solutions for more industries. From financial institutions, governmental agencies, healthcare organizations, educational institutions, retail franchises, hospitality services and beyond, the company engineers custom technology solutions that help enterprises succeed, grow, and serve the needs of the remote workforce. Teksetra solves technology and automation challenges by providing comprehensive IT lifecycle solutions in payment and transaction, imaging, digital signage, onsite repairs, maintenance repair center service, IT outsourcing, and project management services. It has developed long-lasting relationships with leading OEMs worldwide, including Canon, Epson, Digital Check, Panini, HP, Lexmark, Olivetti, Panasonic, Zebra, and more. By applying 45 years of technical expertise and a consultative, vendor-neutral approach, Teksetra serves thousands of customers in the U.S. by packaging hardware and services to provide complete, turnkey technology solutions.

A proven single-source provider of technology products and services, Teksetra partners with the top manufacturers in the technology industry to offer customers the newest and most innovative technology solutions available. Headquartered in Minneapolis, Minnesota, Teksetra provides national service via facilities strategically located across the U.S.
